CIVIL ACTION NO. 3:93CV65

ORDER

Defendants/Appellants in the above-entitled and numbered civil action move to extend the time within which to file a corrective action plan as instructed by this court in its August 14, 2000 order. Defendants indicate that preparations to create a broad-based plan responding to the violations identified heretofore by this court are yet incomplete. An additional two weeks is requested in which to edit and revise the plan, and to incorporate comments from the legislature. Plaintiffs have noted their lack of opposition to the extension. This court retains the power to maintain the status quo despite the appeal of its judgment. Fed. R. C. Pro. 62(c); *see also*, *Texas Corp. v. Texas Eastern Corp.*, 869 F.2d 817, 820 (5th Cir. 1989). It being found to be meritorious, defendants' motion shall be and is hereby,

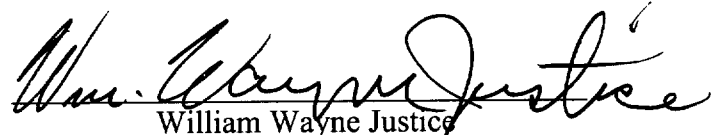

GRANTED. Accordingly, it is

ORDERED that defendants submit their proposed corrective action plans in accordance with the terms imposed by this court's August 14, 2000 order no later than October 27, 2000. A courtesy

331

copy of defendants' action plans shall be sent to the undersigned judge.

SIGNED this 6th day of October, 2000.

William Wayne Justice
Senior United States District Judge
